Overview

53 Overview of EDPs

- (1) An environmental delivery plan is a plan prepared by Natural England, and made by the Secretary of State, that sets out, in relation to development to which it applies – 10
- (a) the environmental features that are likely to be negatively affected by the development,
 - (b) the conservation measures that are to be taken by or on behalf of Natural England in order to protect those environmental features,
 - (c) the amount of the nature restoration levy payable by developers to Natural England to cover the cost of those conservation measures (see sections 56 and 66 to 75), and 15
 - (d) the environmental obligations in relation to development that are discharged, disapplied or otherwise modified if a developer pays the nature restoration levy in relation to the development (see section 66 and Schedule 4). 20
- (2) In this Part –
- (a) sections 54 to 57 make provision about the required contents of an environmental delivery plan;
 - (b) sections 58 to 61 make provision about the procedure for making an environmental delivery plan; 25

54 Scope of an EDP: area, kind and volume of development and time period

- (1) An EDP must specify the development to which it applies by reference to –
- (a) the area in which the development may be undertaken (the “development area”), and
 - (b) the kind of development. 35
- (2) The development area must be an area in –
- (a) England, or

- (b) the waters adjacent to England up to the seaward limits of the territorial sea.
- (3) An EDP may –
 - (a) provide that it does not apply to development in specified areas within the development area, or 5
 - (b) specify as the development area an area that is comprised of separate parcels of land.
- (4) An EDP must –
 - (a) include a map showing the boundaries of the development area, and
 - (b) set out the reasons for its application to the development area and, where relevant, the reasons for excluding any area under subsection (3)(a). 10
- (5) An EDP must specify the maximum amount of development to which it may apply.
- (6) The maximum amount of development may be specified in any way that Natural England considers appropriate, which may, for example, be by reference to – 15
 - (a) the area covered by the development,
 - (b) measurements of floor space,
 - (c) numbers of buildings or of units within buildings, 20
 - (d) values or expected values, or
 - (e) in the case of development that is a nationally significant infrastructure project within the meaning of the Planning Act 2008, any measurement of the scale of the project that is used for the purposes of Part 3 of that Act. 25
- (7) An EDP must specify –
 - (a) the date on which it comes into force (the “EDP start date”), and
 - (b) the date on which it expires (the “EDP end date”), which must be before the end of the period of ten years beginning with the EDP start date. 30

55 Environmental features, environmental impacts and conservation measures

- (1) An EDP must identify –
 - (a) one or more environmental features which are likely to be negatively affected by development to which the EDP applies, and
 - (b) one or more ways in which that negative effect is likely to be caused by the development (the “environmental impact”). 35

But an EDP need not identify all of the possible environmental impacts on an environmental feature.
- (2) An environmental feature identified in an EDP may be –
 - (a) a protected feature of a protected site, or 40

- (b) a protected species.
 - (3) An EDP must set out the measures (“conservation measures”) that are to be taken by, or on behalf of, Natural England, under the EDP in order to—
 - (a) address the environmental impact of development on the identified environmental feature, and 5
 - (b) contribute to an overall improvement in the conservation status of the identified environmental feature (see also section 60(3)).
 - (4) Where an identified environmental feature is a protected feature of a protected site, the EDP may, if Natural England considers it appropriate, set out conservation measures that do not directly address the environmental impact of development on that feature at that site but instead seek to improve the conservation status of the same feature elsewhere. 10
 - (5) An EDP may include some conservation measures that are not expected to be needed but which may be taken if the conservation measures that have been implemented fail to address the environmental impact of development or contribute to an overall improvement in the conservation status of an identified environmental feature as anticipated. 15
 - (6) An EDP must state—
 - (a) how much the conservation measures are expected to cost, and
 - (b) how the conservation measures are to be maintained, 20
 over the period covered by the EDP or, if longer, the period for which the conservation measures are likely to be required to address the environmental impact of the development.
 - (7) A conservation measure may take the form of a request, by Natural England, that a condition of development be imposed (see section 88). 25
 - (8) In this section, “the environmental impact of development” means the environmental impact, as identified in the EDP, of the maximum amount of development to which the EDP may apply, as specified in accordance with section 54(5).
- 56 Nature restoration levy: charging schedules** 30
- (1) An EDP must include one or more charging schedules which set out the rates or other criteria by reference to which the amount of nature restoration levy is to be determined for each kind of development to which the EDP applies.
 - (2) Each charging schedule must relate to an environmental impact of development on an identified environmental feature. 35
 - (3) The rates or other criteria must be set in accordance with nature restoration levy regulations (see sections 67 to 74).

57 Other requirements for an EDP

- (1) An EDP must describe the conservation status of each identified environmental feature as at the EDP start date.
- (2) An EDP must set out—
 - (a) why the conservation measures are considered appropriate, and 5
 - (b) what alternatives to the conservation measures were considered by Natural England and why they were not included.
- (3) Where an EDP identifies a protected species as an environmental feature, the EDP must set out the terms of the licence that will be treated as having been granted under paragraph 4, 5 or 6 of Schedule 4. 10
- (4) An EDP must specify the terms that must be incorporated into a licence under—
 - (a) regulation 55 of the Habitats Regulations 2017,
 - (b) section 16 of the Wildlife and Countryside Act 1981, or
 - (c) section 10 of the Protection of Badgers Act 1992, 15
 that may be granted to Natural England to facilitate the carrying out of any conservation measures.
- (5) An EDP must list the strategies and plans to which Natural England had regard in preparing the EDP (see section 58(2) and (3)).
- (6) An EDP must include an overview of any other measures (in addition to the conservation measures set out in the EDP) that are being taken or are likely to be taken by Natural England or another public authority with the aim of improving the conservation status of each identified environmental feature. 20
- (7) An EDP must set out how Natural England will monitor the effects of the EDP. 25
- (8) In deciding how the EDP should be monitored, Natural England must have regard to guidance issued by the Secretary of State.
- (9) The Secretary of State may make regulations setting out further information that must be included, or matters that must be dealt with, in an EDP.

- (3) The Secretary of State may make the EDP only if the Secretary of State considers that the EDP passes the overall improvement test.
- (4) An EDP passes the overall improvement test if, by the EDP end date, the conservation measures are likely to be sufficient to outweigh the negative effect of the EDP development on the conservation status of each identified environmental feature. 5
- (5) In subsection (4), “the negative effect of the EDP development” means the effect, caused by the environmental impact, as identified in the EDP in accordance with section 55(1)(b), of the maximum amount of development to which the EDP may apply, as specified in accordance with section 54(5). 10
- (6) The Secretary of State may request further information from Natural England in order to decide whether to make an EDP.

 - (b) where the EDP is revoked after the EDP midpoint, Natural England must publish a report covering the period beginning with the EDP midpoint and ending with the revocation date (instead of publishing the report under subsection (1)(b)). 35
- (3) Natural England may publish a report on an EDP at any other time.

- (4) A report under subsection (1) or (2) must be published before the end of the period of two months beginning with the day on which the period covered by the report ends.
- (5) A report under subsection (1) or (2) must state—
 - (a) how much of the maximum amount of development available under the EDP (see section 54(5)) remains available; 5
 - (b) the amounts of nature restoration levy received by Natural England under the EDP;
 - (c) whether the conservation measures have been implemented and if not, why not; 10

- (7) In this section—
 - “the EDP midpoint” means the point in time that falls halfway between the EDP start date and the EDP end date;
 - “the revocation date” means the date on which the EDP is revoked, as set out in the notice under section 64(5). 25

63 Amendment of an EDP

- (1) The Secretary of State may amend an EDP—
 - (a) on a request from Natural England, or
 - (b) on the Secretary of State’s own initiative. 30
- (2) But an EDP may not be amended so that it no longer applies to development in respect of which a developer has already committed to pay the nature restoration levy under the EDP.
- (3) Where—
 - (a) Natural England requests an amendment, other than an amendment only to a charging schedule, or 35
 - (b) the Secretary of State is minded to make such an amendment,the Secretary of State may direct Natural England to consult on the EDP as proposed to be amended.
- (4) Where the Secretary of State directs Natural England to consult, Natural England must— 40

 - (8) The amended EDP must be published before the end of the period of 28 days beginning with the day on which the Secretary of State makes the amendment. 15
 - (9) The amendment must not come into effect before the date on which the amended EDP is published.
 - (10) Subsections (2) to (6) do not apply to an amendment that only corrects a clerical or typographical error.
- 64 Revocation of an EDP** 20
- (1) The Secretary of State may revoke an EDP—
 - (a) on a request from Natural England, or
 - (b) on the Secretary of State’s own initiative.
 - (2) The Secretary of State must revoke an EDP if the Secretary of State no longer considers that the EDP passes the overall improvement test, unless Natural England has proposed amendments under section 63 which would, if made, result in that test being passed. 25
 - (3) If the Secretary of State decides not to revoke an EDP when requested to do so by Natural England, the Secretary of State must publish a notice of the decision that sets out the reasons for the decision. 30
 - (4) The power to revoke an EDP includes a power—

 - (c) the reasons for the revocation.
- (6) Where the Secretary of State revokes an EDP, the Secretary of State must also carry out such actions, for the purpose mentioned in subsection (7), as the Secretary of State considers appropriate. 5
- (7) The purpose is to seek to outweigh the negative effect on the conservation status of each identified environmental feature that is (or is likely to be) caused by the environmental impact (as identified in the EDP in accordance with section 55(1)(b)) of any development in respect of which a developer has already committed to pay the nature restoration levy. 10
- (8) The actions that the Secretary of State may carry out under subsection (6) may include—
 - (a) taking (or continuing to take) any conservation measures included in the EDP, or directing another public authority to take (or continue to take) such measures; 15

65 Challenging an EDP

- (1) A court may entertain proceedings for questioning an EDP or anything done, or omitted to be done, by the Secretary of State or Natural England in the course of preparing an EDP only if—
 - (a) the proceedings are brought by a claim for judicial review, and 25
 - (b) the claim form is filed during the period of six weeks beginning with the day on which the EDP is published (see section 61).
- (2) A court may entertain proceedings for questioning a decision of the Secretary of State not to make an EDP only if—
 - (a) the proceedings are brought by a claim for judicial review, and 30
 - (b) the claim form is filed before the end of the period of six weeks beginning with the day on which the notice of the decision not to make the EDP is published (see section 60(7)).
- (3) A court may entertain proceedings for questioning an amendment to an EDP only if—
 - (a) the proceedings are brought by a claim for judicial review, and 35
 - (b) the claim form is filed before the end of the period of six weeks beginning with the day on which the amended EDP is published (see section 63(8)).
- (4) A court may entertain proceedings for questioning a decision of the Secretary of State not to make an amendment to an EDP only if— 40

- (a) the proceedings are brought by a claim for judicial review, and
 - (b) the claim form is filed before the end of the period of six weeks beginning with either—
 - (i) in the case of a refusal to amend an EDP on the request of Natural England, the day on which the notice of the decision not to make the amendment is published (see section 63(6)), or 5
 - (ii) in any other case, the earlier of the day on which Secretary of State publishes a notice of the decision not to amend the EDP that sets out reasons for the decision and the day on which the person bringing the proceedings had notice of that decision and those reasons. 10
- (5) A court may entertain proceedings for questioning a revocation of an EDP only if—
 - (a) the proceedings are brought by a claim for judicial review, and 15
 - (b) the claim form is filed before the end of the period of six weeks beginning with the day on which the notice of revocation is published (see section 64(5)).
- (6) A court may entertain proceedings for questioning a refusal by the Secretary of State to revoke an EDP only if— 20
 - (a) the proceedings are brought by a claim for judicial review, and

The nature restoration levy

66 Commitment to pay the nature restoration levy

- (1) A developer may, at any time before development commences, make a request in writing to Natural England to pay the nature restoration levy in relation to a development to which an EDP applies. 35
- (2) If Natural England accept the request, the developer is committed to pay the nature restoration levy (see also section 68(4)).
- (3) Schedule 4 sets out how a commitment by a developer to pay the nature restoration levy in relation to a development results in— 40

- (a) an environmental impact of development on a protected feature of a protected site being disregarded for the purposes of obligations under the Habitats Regulations 2017, the Wildlife and Countryside Act 1981 or the Marine and Coastal Access Act 2009;
 - (b) a developer being treated as having been granted a licence under regulation 55 of the Habitats Regulations 2017, section 16 of the Wildlife and Countryside Act 1981 or section 10 of the Protection of Badgers Act 1992. 5
- (4) An EDP may provide, in relation to a kind of development and kind of environmental impact on an identified environmental feature, that payment of the levy is mandatory, and if it does so— 10
 - (a) in a case where the feature is a protected feature of a European site or a Ramsar site, the developer does not have the option of ensuring that any actions relating to the development comply with Part 6 of the Habitats Regulations instead of paying the levy; 15
 - (b) in a case where the feature is a protected feature of an SSSI, the developer does not have the option of—
 - (i) getting Natural England’s consent under section 28E of the Wildlife and Countryside Act 1981 for operations mentioned in that section, to the extent that the operations have that kind of environmental impact on the identified environmental feature, or 20
 - (ii) ensuring that any actions relating to the development comply with section 28H or 28I of that Act, 25
 - instead of paying the levy; 25
 - (c) in a case where the feature is a protected feature of a marine conservation zone, the developer does not have the option of satisfying the public authority determining an application relating to the development of the matters mentioned in section 126(6) or (7) of the Marine and Coastal Access Act 2009 instead of paying the levy; 30
 - (d) in a case where the feature is a protected species, the developer does not have the option of applying for a licence directly under regulation 55 of the Habitats Regulations 2017, section 16 of the Wildlife and Countryside Act 1981 or section 10 of the Protection of Badgers Act 1992 (as the case may be) instead of paying the levy. 35
- (5) If an EDP makes provision as mentioned in subsection (4), it must set out the reasons why Natural England considers that to be necessary.

67 Regulations about the nature restoration levy

- (1) The Secretary of State may make regulations about the nature restoration levy (“nature restoration levy regulations”). 40
- (2) In making the regulations, the Secretary of State must aim to ensure that the overall purpose of the nature restoration levy is to ensure that costs incurred in maintaining or improving the conservation status of environmental features

can be funded (wholly or partly) by developers in a way that does not make development economically unviable.

68 Liability to pay the levy

- (1) Nature restoration levy regulations may make provision about liability to pay the nature restoration levy in relation to a development, including— 5
 - (a) who is liable to pay the levy, and
 - (b) when liability to pay arises.
- (2) The regulations may in particular include provision about the assumption of liability to pay the levy, such as— 10
 - (a) how and when a person may assume liability;
 - (b) withdrawal of assumption of liability;
 - (c) cancellation of assumption of liability by Natural England.
- (3) The regulations may also include provision— 15
 - (a) imposing liability to pay the nature restoration levy in relation to a development— 20
 - (i) where no person has assumed liability,
 - (ii) where an assumption of liability has been withdrawn or cancelled, or
 - (iii) in other specified circumstances (such as the insolvency or withdrawal of a person who has assumed liability);
 - (b) about joint, several and partial liability and the liability of partnerships;
 - (c) about the apportionment of liability, which may— 25
 - (i) include provision for referral to a specified person or body for determination, and
 - (ii) include provision for appeals;
 - (d) about the transfer of liability.
- (4) The regulations may also make provision for Natural England to be permitted, or required, to rescind its acceptance of a request by a developer to pay the levy (see section 66(1)) in circumstances specified in the regulations, such that the developer ceases to be committed to pay the nature restoration levy. 30

69 Amount of the levy

2 In this Schedule “house” includes any park or garden belonging to a house.	
<i>Counter-notice requiring purchase of land</i>	
3 A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the authority to purchase the owner’s interest in the house, building or factory.	15
4 A counter-notice under paragraph 3 must be served within the period of 28 days beginning with the day on which the notice to treat was served.	20
<i>Response to counter-notice</i>	
5 On receiving a counter-notice the acquiring authority must decide whether to –	
(a) withdraw the notice to treat,	
(b) accept the counter-notice, or	25

7 If the authority decide to refer the counter-notice to the Upper Tribunal they must do so within the decision period.	30
8 If the authority do not serve notice of a decision within the decision period they are to be treated as if they had served notice of a decision to withdraw the notice to treat at the end of that period.	35
9 If the authority serve notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to	

treat are to have effect as if they included the owner's interest in the house, building or factory.

Determination by Upper Tribunal

- 10 On a referral under paragraph 7 the Upper Tribunal must determine whether the acquisition of the right would – 5
 - (a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
 - (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs. 10
- 11 In making its determination, the Upper Tribunal must take into account –

 - (b) the proposed use of the right, and
 - (c) if the right is proposed to be acquired for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land. 15
- 12 If the Upper Tribunal determines that the acquisition of the right would have either of the consequences described in paragraph 10 it must determine how much of the house, building or factory the authority ought to be required to take. 20
- 13 If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory the compulsory purchase order and the notice to treat are to have effect as if they included the owner's interest in that land. 25
- 14 (1) If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land. 30

 - (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land).
- (3) The provisions are to be read as if they were modified so as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be acquired compulsorily is vested absolutely in the acquiring authority. 5
- 12 Section 11 of CPA 1965 (powers of entry) is to be read as if it were modified so as to secure that, where the acquiring authority have served notice to treat in respect of any right as well as the notice required by subsection (1) of that section (as it applies to a compulsory acquisition under section 83), they have power, exercisable in the same circumstances and subject to the same conditions, to enter for the purpose of exercising that right; and sections 11A (powers of entry: further notices of entry), 11B (counter-notice requiring possession to be taken on specified date), 12 (penalty for unauthorised entry) and 13 (entry on enforcement officer's or sheriff's warrant in the event of obstruction) of that Act are modified accordingly. 10 15
- 13 Section 20 of CPA 65 (compensation for short-term tenants) is to be read as if it were modified so as to secure that persons with such interests as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory purchase of the interests but taking into account only the extent (if any) of such interference with such interests as is actually caused, or likely to be caused, by the exercise of the right concerned. 20
- 14 Section 22 of CPA 65 (protection of acquiring authority's possession of land where by inadvertence an interest in the land has not been purchased) is to be read as if it were modified so as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right concerned, subject to compliance with that section as respects compensation. 25 30

- (6) In section 10(1) (acquiring authority’s liability on vesting of the land), the reference to the acquiring authority’s taking possession of the land under section 11 of CPA 1965 is to be read as a reference to the authority’s exercising the power to enter the land under that provision as modified by paragraph 12 of this Schedule. 20
