TO

Allow adults who are terminally ill, subject to safeguards and protections, to request and be provided with assistance to end their own life; and for connected purposes.

BE IT ENACTED by the King’s most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Eligibility to be provided with lawful assistance to voluntarily end own life

1 Assisted dying

- (1) A terminally ill person in England or Wales who—
 - (a) has the capacity to make a decision to end their own life (see section 3), 5
 - (b) is aged 18 or over at the time the person makes a first declaration (see section 8),
 - (c) is ordinarily resident in England and Wales and has been so resident for at least 12 months ending with the date of the first declaration, and 10
 - (d) is registered as a patient with a general medical practice in England or Wales,
 may, on request, be provided in England or Wales with assistance to end their own life in accordance with sections 8 to 30.
- (2) Sections 8 to 30, in particular, require steps to be taken to establish that the person— 15
 - (a) has a clear, settled and informed wish to end their own life, and
 - (b) has made the decision that they wish to end their own life voluntarily and has not been coerced or pressured by any other person into making it. 20
- (3) The steps to be taken under sections 8, 10, 11 and 19 must be taken—
 - (a) when the terminally ill person is in England or Wales, and
 - (b) in the case of the steps under sections 10 and 11, by persons in England or Wales.

2 Terminal illness

- (1) For the purposes of this Act, a person is terminally ill if –
 - (a) the person has an inevitably progressive illness or disease which cannot be reversed by treatment, and
 - (b) the person's death in consequence of that illness or disease can reasonably be expected within six months. 5
- (2) A person who would not otherwise meet the requirements of subsection (1) shall not be considered to meet those requirements solely as a result of voluntarily stopping eating or drinking.
- (3) For the purposes of subsection (1), treatment which only relieves the symptoms of an inevitably progressive illness or disease temporarily is not to be regarded as treatment which can reverse that illness or disease. 10
- (4) For the avoidance of doubt, a person is not to be considered to be terminally ill only because they are a person with a disability or mental disorder (or both). 15
 Nothing in this subsection results in a person not being regarded as terminally ill for the purposes of this Act if (disregarding this subsection) the person meets the conditions in paragraphs (a) and (b) of subsection (1).

3 Capacity

In this Act, references to a person having capacity are to be read in accordance with the Mental Capacity Act 2005. 20

Voluntary Assisted Dying Commissioner

4 Voluntary Assisted Dying Commissioner

- (1) There is to be a Voluntary Assisted Dying Commissioner.
- (2) The Commissioner is to be appointed by the Prime Minister. 25
- (3) The person appointed must hold or have held office as a judge of –
 - (a) the Supreme Court,
 - (b) the Court of Appeal, or
 - (c) the High Court.
- (4) The Commissioner's principal functions are – 30
 - (a) receiving documents made under this Act;
 - (b) making appointments to a list of persons eligible to sit on Assisted Dying Review Panels (see Schedule 2);
 - (c) making arrangements in relation to such panels and referring cases to them (see section 16); 35
 - (d) determining applications for reconsideration of panel decisions under section 18;
 - (e) monitoring the operation of this Act and reporting annually on it (see section 49).

- (5) In this Act “the Commissioner” means the Voluntary Assisted Dying Commissioner.
- (6) Schedule 1 makes provision about the Commissioner.

Preliminary discussions

- 5 Preliminary discussions with registered medical practitioners** 5
 - (1) No registered medical practitioner is under any duty to raise the subject of the provision of assistance in accordance with this Act with a person.
 - (2) But nothing in subsection (1) prevents a registered medical practitioner exercising their professional judgement to decide if, and when, it is appropriate to discuss the matter with a person. 10
 - (3) Where a person in England or Wales indicates to a registered medical practitioner their wish to seek assistance to end their own life in accordance with this Act, the registered medical practitioner may (but is not required to) conduct a preliminary discussion about the requirements that need to be met for such assistance to be provided. 15
 - (4) If a registered medical practitioner conducts such a preliminary discussion with a person, the practitioner must first ensure the provision of adjustments for language and literacy barriers, including the use of interpreters.
 - (5) If a registered medical practitioner conducts such a preliminary discussion with a person, the practitioner must explain to and discuss with that person— 20
 - (a) the person’s diagnosis and prognosis;
 - (b) any treatment available and the likely effect of it;
 - (c) all appropriate palliative, hospice or other care, including symptom management and psychological support, and offer to refer them to a registered medical practitioner who specialises in such care for the purpose of further discussion. 25

(Accordingly, such a preliminary discussion may not be conducted in isolation from an explanation of, and discussion about, the matters mentioned in paragraphs (a) to (c).)
 - (6) A registered medical practitioner who is unwilling or unable to conduct the preliminary discussion mentioned under subsection (3) is not required to refer the person to another medical practitioner but must ensure that the person is directed to where they can obtain information and have the preliminary discussion. 30
- 6 No health professional shall raise assisted dying with a person under 18** 35

No registered medical practitioner or other health professional shall raise the subject of the provision of assistance in accordance with this Act with a person under the age of 18.

7 Recording of preliminary discussion

- (1) This section applies where a registered medical practitioner (“the practitioner”) conducts a preliminary discussion with a person.
- (2) Where the practitioner is a practitioner with the person’s GP practice, they must, as soon as practicable, record the preliminary discussion in the person’s medical records. 5
- (3) In any other case—
 - (a) the practitioner must, as soon as practicable, give a written record of the preliminary discussion to a registered medical practitioner with the person’s GP practice, and 10
 - (b) that registered medical practitioner must, as soon as practicable, include the record in the person’s medical records.

Procedure, safeguards and protections

8 Initial request for assistance: first declaration

- (1) A person who wishes to be provided with assistance to end their own life in accordance with this Act must make a declaration to that effect (a “first declaration”). 15

 - (a) in the form set out in regulations made by the Secretary of State,
 - (b) signed and dated by the person making the declaration, and 20
 - (c) witnessed by—
 - (i) the coordinating doctor in relation to that person, and
 - (ii) another person,
 both of whom must see the declaration being signed.
- (3) The coordinating doctor must give a copy of the first declaration to the Commissioner as soon as reasonably practicable after it has been made. 25
- (4) Regulations under subsection (2)(a) must provide that the first declaration contains—

 - (d) who does not know or believe that they—
 - (i) are a beneficiary under a will of the person, or

- (10) Regulations under subsection (7) must specify that training in respect of domestic abuse, including coercive control and financial abuse, is mandatory. 40
- (11) A person may not witness a first declaration under subsection (2)(c)(ii) if they are disqualified under section 52 from being a witness.

9 Witnessing first declaration: requirements

- 11 Second doctor’s assessment (independent doctor) 30**
 - (1) Where a referral is made under section 10(3)(c), the independent doctor must carry out the second assessment of the person as soon as reasonably practicable after the first period for reflection has ended.

- (10) The regulations must provide that the practitioner must have had training about the following—
 - (a) assessing capacity;
 - (b) assessing whether a person has been coerced or pressured by any other person; 10

 - (d) discuss with the person their wishes in the event of complications arising in connection with the self-administration of an approved substance under section 25; 40
 - (e) inform the person—

- (i) of the further steps that must be taken before assistance can be provided to the person to end their own life in accordance with this Act;
 - (ii) that the person may decide at any time not to take any of those steps (and of how to cancel the first declaration and any of those further steps);
 - (f) advise the person to inform a registered medical practitioner with the person's GP practice that the person is requesting assistance to end their own life (unless the assessing doctor is themselves a practitioner with that practice);
 - (g) in so far as the assessing doctor considers it appropriate, advise the person to consider discussing the request with their next of kin and other persons they are close to.
- (3) To inform their assessment, the assessing doctor must—
- (a) consider whether they should consult a health professional or social care professional with qualifications in, or experience of, a matter relevant to the person being assessed;
 - (b) consult such a professional if they consider that there is a need to do so.
- (4) Where an assessing doctor consults a professional under subsection (3)(b), the assessing doctor must give a written record of the consultation to the other assessing doctor.
- (5) When carrying out an assessment in accordance with subsection (2), the assessing doctor must first ensure the provision of adjustments for language and literacy barriers, including the use of interpreters.
- (6) To inform their assessment, the assessing doctor—
- (a) must, if they have doubt as to whether the person being assessed is terminally ill, refer the person for assessment by a registered medical practitioner who holds qualifications in or has experience of the diagnosis and management of the illness or disease in question;
 - (b) must, if they have doubt as to the capacity of the person being assessed, refer the person for assessment by a registered medical practitioner who is a practising psychiatrist registered in one of the psychiatry specialisms in the Specialist Register kept by the General Medical Council or who otherwise holds qualifications in or has experience of the assessment of capacity;
 - (c) must, if they make a referral under paragraph (a) or (b), take account of any opinion provided by that other registered medical practitioner.
- (7) An opinion provided to one assessing doctor under subsection (6)(a) or (b) must be shared with the other assessing doctor.
- (8) Where the independent doctor is required to obtain an opinion under subsection (6)(a)—
- (a) that duty may be discharged by an opinion obtained under that provision by the coordinating doctor, or

- (b) the independent doctor may make their own referral under that provision.

13 Another independent doctor: second opinion

- (1) This section applies where the independent doctor has —
 - (a) carried out the second assessment, and 5
 - (b) made a report stating that they are not satisfied as to all of the matters mentioned in section 11(2)(a) to (e).
- (2) The coordinating doctor may, if requested to do so by the person who made the first declaration, refer that person to a different registered medical practitioner who meets the requirements of section 11(8) and is able and willing to carry out a further assessment of the kind mentioned in section 11(2). 10
- (3) Where a referral is made to a registered medical practitioner under subsection (2) —
 - (a) the coordinating doctor must provide that new registered medical practitioner with the report by the independent doctor setting out their reasons for refusal; 15
 - (b) if the new registered medical practitioner reaches a different conclusion from the original independent doctor, they must produce a report setting out why they disagree; 20
 - (c) those two reports must be made available to any subsequent decision maker under this Act and to the Commissioner.
- (4) Where a referral is made to a registered medical practitioner under subsection (2), that referral is treated as a referral under section 10(3)(c), the practitioner becomes the independent doctor (replacing the registered medical practitioner to whom a referral was originally made) and sections 11, 12 and 15 apply accordingly. 25
- (5) In consequence of a particular first declaration made by a person, the coordinating doctor may make only one referral for a second opinion under subsection (2); but this is subject to subsection (6) and section 15(6)(a)(ii). 30
- (6) Where —
 - (a) a referral is made under subsection (2) to a practitioner,
 - (b) the practitioner dies or through illness is unable or unwilling to act as the independent doctor, and
 - (c) no report under section 11 has been made by virtue of the referral, 35
 a further referral may be made under subsection (2).

14 Replacing the coordinating doctor on death etc

- (1) The Secretary of State may, by regulations, make provision about cases where, after a first declaration has been witnessed by the coordinating doctor, that doctor dies or through illness or otherwise is unable or unwilling to continue to carry out the functions of the coordinating doctor. 40

- (2) Regulations under subsection (1) may, in particular, make provision—
- (a) relating to the appointment, with the agreement of the person who made the declaration, of a replacement coordinating doctor who meets the requirements of section 8(6) and is able and willing to carry out the functions of the coordinating doctor; 5
 - (b) to ensure continuity of care for that person despite the change in the coordinating doctor.

15 Replacing the coordinating or independent doctor where unable or unwilling to continue to act

- (1) This section applies where— 10
- (a) after a first declaration has been witnessed by the coordinating doctor, that doctor is unable or unwilling to continue to carry out the functions of the coordinating doctor, or
 - (b) after a referral is made under section 10(3)(c) (including a referral to which section 13(4) applies), but before a report under section 11 has been made by virtue of that referral, the independent doctor is unable or unwilling to continue to carry out the functions of the independent doctor, 15
- and in this section such a coordinating or independent doctor is referred to as “the outgoing doctor”. 20
- (2) The outgoing doctor must as soon as practicable give written notice of their inability or unwillingness to continue to carry out their functions under this Act to—
- (a) the person seeking assistance,
 - (b) the Commissioner, and 25
 - (c) if the outgoing doctor is the independent doctor, the coordinating doctor.
- (3) Any duty or power of the outgoing doctor under this Act that arose in consequence of the declaration or referral mentioned in subsection (1) ceases to have effect from the time the outgoing doctor complies with subsection (2); but this does not apply to any duty under subsection (8) or (9). 30
- (4) The Secretary of State may by regulations make provision relating to the appointment, with the agreement of the person seeking assistance, of a replacement coordinating doctor who meets the requirements of section 8(6) and who is able and willing to carry out the functions of the coordinating doctor. 35
- (5) Regulations under subsection (4) may, in particular, make provision to ensure continuity of care for the person seeking assistance despite the change in the coordinating doctor.
- (6) Where the independent doctor gives a notice under subsection (2)— 40
- (a) a further referral may be made—
 - (i) under section 10(3)(c) (if section 13 does not apply), or

- (ii) where section 13 applies, under subsection (2) of that section, and
 - (b) the registered medical practitioner to whom that referral is made becomes the independent doctor (replacing the outgoing doctor) and sections 11 to 13 (and this section) apply accordingly. 5
- (7) Subsections (8) and (9) apply where the coordinating doctor—
 - (a) gives a notice under subsection (2) to the person seeking assistance, or
 - (b) receives a notice under that subsection given by the independent doctor in relation to the person seeking assistance. 10
- (8) Where the coordinating doctor is a practitioner with the person's GP practice, the coordinating doctor must, as soon as practicable, record the giving of the notice in the person's medical records.
- (9) In any other case—
 - (a) the coordinating doctor must, as soon as practicable, notify a registered medical practitioner with that practice of the giving of the notice, and 15
 - (b) the practitioner notified under paragraph (a) must, as soon as practicable, record the giving of the notice in the person's medical records.
- 16 Referral by Commissioner of case to multidisciplinary panel 20**
 - (1) This section applies where the Commissioner receives—
 - (a) a first declaration made by a person,
 - (b) a report about the first assessment of the person which contains a statement indicating that the coordinating doctor is satisfied as to all of the matters mentioned in section 10(2)(a) to (h), and 25
 - (c) a report about the second assessment of the person which contains a statement indicating that the independent doctor is satisfied as to all of the matters mentioned in section 11(2)(a) to (e).
 - (2) The Commissioner must, as soon as reasonably practicable, refer the person's case to an Assisted Dying Review Panel for determination of the person's eligibility to be provided with assistance under section 25. 30
 - (3) But where the Commissioner receives a notification that the first declaration has been cancelled—
 - (a) the Commissioner must not refer the person's case to such a panel, and 35
 - (b) if the person's case has already been so referred, the Commissioner must notify the panel of the cancellation.
 - (4) Schedule 2 makes provision about Assisted Dying Review Panels.
- 17 Determination by panel of eligibility for assistance**
 - (1) This section applies where a person's case is referred under section 16 or 18 to an Assisted Dying Review Panel ("the panel"). 40

- (2) The panel's function is to determine whether it is satisfied of all of the following matters—
- (a) that the requirements of sections 8 to 12 have been met in relation to—
