Member's explanatory statement

This amendment seeks to allow pension funds to participate in more than one asset pool so that, if one pool develops a particular specialism in an asset class (for example, for infrastructure investment) it can be open to multiple schemes to join.

★ Clause 1, page 3, line 7, at end insert –

“(7A) Scheme regulations made under this section are subject to the super-affirmative procedure, as defined by section (*Super-affirmative procedure*).”

BARONESS STEDMAN-SCOTT

After Clause 7

VISCOUNT YOUNGER OF LECKIE
BARONESS STEDMAN-SCOTT

After Clause 7, insert the following new Clause –

“Benchmarking of Local Government Pension Scheme liabilities

- (1) For each actuarial valuation relating to a scheme for local government workers which has pension funds, an administering authority must obtain and publish –
 - (a) the primary valuation used for funding purposes, and
 - (b) one or more benchmark valuations of scheme liabilities based on –
 - (i) prevailing bulk annuity pricing, and
 - (ii) a gilt-based discount rate.
- (2) The valuations published under subsection (1) must be published at the same time as the funding strategy statement, and alongside the employer contribution rates arising from the funding valuation.
- (3) Where the funding valuation is materially more prudent than the benchmark valuations, the administering authority must publish a statement explaining –
 - (a) the risks being guarded against,
 - (b) why those risks justify a higher degree of prudence than that reflected in insurer pricing, and
 - (c) the impact on employer contribution rates.
- (4) The funding strategy statement must include appendices explaining the valuation assumptions, benchmarks, and their effect on contribution rates in a form that is reasonably accessible to a person who is not a qualified actuary.
- (5) The statement must be communicated to the relevant local authority and made publicly available.
- (6) The documents published under this section must be made available in a manner that enables meaningful consultation by scheme employers and scheme members.
- (7) In this section –

“administering authority” has the same meaning as in Regulation 2 of the Local Government Pension Scheme Regulations 2013 (S.I. 2013/2356)

“funding strategy statement” has the same meaning as in Regulation 58 of the Local Government Pension Scheme Regulations 2013 (S.I. 2013/2356)”

Member's explanatory statement

This amendment requires Local Government Pension Scheme valuations to be benchmarked against insurer pricing and gilt-based discount rates, with explanations where significantly greater prudence is applied. It also requires those benchmarks, the funding strategy statement, and employer contribution rates to be published together, with accessible explanatory material to support meaningful consultation.

VISCOUNT YOUNGER OF LECKIE
BARONESS STEDMAN-SCOTT

After Clause 7, insert the following new Clause—

“Review of the cost and sustainability of the Local Government Pension Scheme

- (1) The Secretary of State must conduct a review of the long-term cost and sustainability of the Local Government Pension Scheme.
- (2) The review must give particular consideration to admitted bodies, including housing associations.
- (3) The review must include information on—
 - (a) the number of admitted bodies leaving the Scheme in each year,
 - (b) the reasons given for such bodies leaving the Scheme, and the extent to which those reasons relate to the cost of participation for employers,
 - (c) any decisions relating to the pooling of Scheme assets, and the impact of those decisions on costs borne by Scheme employers,
 - (d) any changes to where responsibility for investment decision-making lies, and the effect of those changes on employer contribution rates and funding costs, and
 - (e) whether, and to what extent, the provisions of this Act have improved the cost and sustainability of the Scheme for employers.
- (4) A report must be laid before Parliament within 12 months of the day on which this Act is passed.”

Member's explanatory statement

This amendment requires the Government to review the long-term cost and sustainability of the Local Government Pension Scheme, with particular consideration given to admitted bodies such as housing associations. It also requires the review to publish information on admitted bodies leaving the Scheme, decisions on pooling and investment governance, and whether the reforms in this Act have improved the Scheme's cost and sustainability.

VISCOUNT YOUNGER OF LECKIE
BARONESS STEDMAN-SCOTT
BARONESS ALTMANN

After Clause 7, insert the following new Clause—

“Independent inquiry into actuarial methodology and oversight of Local Government Pension Scheme valuations

- (1) The Secretary of State must appoint an independent person or body to conduct an inquiry into the actuarial methodologies used in valuations of the Local Government Pension Scheme.
- (2) The inquiry must, in particular, consider—
 - (a) the actuarial assumptions and methodologies used by Scheme actuaries in assessing liabilities,

- (b) the extent to which those methodologies apply a level of prudence in excess of that implied by gilt-based discount rates,
 - (c) the reasons given for applying such additional prudence, and
 - (d) the impact of those approaches on employer contribution rates and the long-term cost of participation in the Scheme.
- (3) Where a local government reorganisation takes place and assets and liabilities of the Scheme are apportioned or transferred, an independent assessment must be obtained of—
- (a) the basis on which assets and liabilities are allocated,
 - (b) the consistency and fairness of that allocation between affected funds and employers, and
 - (c) the implications of the allocation for future employer contribution rates.
- (4) The purpose of the independent assessment under subsection (3) is to provide oversight of the valuation and apportionment process, including the role of the administering authority and its actuary.
- (5) A report of the inquiry, including findings and any recommendations, must be laid before Parliament within 12 months of the day on which this Act is passed.”

Member's explanatory statement

This amendment requires the Government to establish an independent inquiry into the actuarial methodologies used in Local Government Pension Scheme valuations, including the application of prudence beyond gilt-based valuation and the impact on employer costs. It also requires independent assessment and oversight of the allocation of assets and liabilities following local government reorganisation, to ensure consistency, fairness, and transparency across funds.

VISCOUNT YOUNGER OF LECKIE
BARONESS STEDMAN-SCOTT

★ After Clause 7, insert the following new Clause—

“Interim reviews of employer contributions rates in the Local Government Pension Scheme

- (1) The Secretary of State must by regulations made under section 3 of the Public Service Pensions Act 2013 (scheme regulations) amend the Local Government Pension Scheme Regulations 2013 (S.I. 2013/2356) as follows.
- (2) After regulation 58(4) (funding strategy statement), insert—
 - “(5) The funding strategy statement must comply with regulation 64A(2) and be published in a form accessible to non-specialist readers.”
- (3) Regulation 64A (revision of rates and adjustments certificate: scheme employer contributions) is amended as set out in subsection (4).
- (4) For paragraphs (1) and (2), substitute—
 - “(1) The administering authority may obtain a revised rates and adjustments certificate where the funding strategy statement sets out the administering

authority's policy on revising contributions between valuations and one or more of the following conditions is met –

- (a) there has been a significant change in the liabilities arising or likely to arise since the last valuation;
- (b) there has been a significant change in the employer's ability to meet its obligations to the Scheme, consistent with that employer's obligations to deliver value for money and services for local taxpayers;
- (c) the employer requests a review and agrees to meet the reasonable costs of that review.

(2) The funding strategy statement must include a clear and accessible policy on revising contributions between valuations, including –

- (a) the process and evidential requirements for employers to request a review,
- (b) indicative timescales for the administering authority to determine such a request,
- (c) the criteria the administering authority and fund actuary will apply (including risk appetite and prudence levels), and
- (d) the approach to apportioning reasonable costs of any review.

(3) Where an employer makes a request under paragraph (1)(c), the administering authority must –

- (a) acknowledge the request within 10 working days,
- (b) determine the request within 12 weeks (or such longer period as is agreed with the employer), and
- (c) provide written reasons for its decision.

(4) For any review under this regulation, the fund actuary must prepare an Actuarial Methods Statement which –

- (a) explains, step by step, the models and methodologies used to project liabilities, assets and funding needs,
- (b) sets out all material assumptions, including discount rates, inflation, salary growth, mortality, longevity improvements and any smoothing or damping mechanisms,
- (c) specified the level of prudence applied and how that prudence has been determined, and
- (d) provides sensitivity and scenario analysis showing potential outcomes under varying market conditions and employer covenant assessments.

(5) The administering authority must publish the Actuarial Methods Statement alongside the decision under paragraph (3)(c), subject only to the redaction of information which is commercially sensitive or relates to individuals.

(6) The Secretary of State must issue statutory guidance on –

- (a) how councils and other employers may make requests under paragraph (1)(c),
- (b) the matters administering authorities should take into account when considering such requests, including the balance between Scheme solvency

and local taxpayers' interests in the continued delivery of core services, and

(c) the minimum standards for actuarial transparency under paragraph (5).

(7) Administering authorities must have regard to guidance issued under paragraph (6)(a).

(8) The Secretary of State must publish the guidance within six months of the day on which the Pension Schemes Act 2026 is passed.”

Member's explanatory statement

This new clause aims to strengthen regulation 64A of the Local Government Pension Scheme Regulations 2013 to make interim reviews of employer contribution rates more accessible and transparent.

Clause 10

VISCOUNT THURSO
LORD PALMER OF CHILDS HILL

Clause 10, page 11, line 12, insert –

“(2AA) Without prejudice to the generality of subsection (2A), regulations made under that subsection must include provision that takes into account the particular circumstances of occupational pension schemes established before the coming into force of the Pensions Act 1995 which, prior to that Act, possessed or were understood to possess a power to pay surplus to an employer.”

Member's explanatory statement

This amendment would allow schemes where people are affected by pre-1997 arrangements to offer discretionary indexation where funding allows, with appropriate regulatory oversight.

BARONESS ALTMANN

Clause 10, page 11, line 22, at end insert –

“(ca) requiring trustees to have received relevant actuarial advice about the impact of surplus distribution on scheme funding and future member or employer benefits, and the risks and benefits of alternative approaches to surplus payment, including –

- (i) reducing or pausing contributions,
- (ii) transferring to a superfund,
- (iii) running the scheme on, and
- (iv) buying annuities, and”

Member's explanatory statement

This amendment seeks to ensure that, before any surplus is returned to employers, the trustees have properly considered actuarial reports covering the alternative possibilities of pension

contribution reductions or holidays, scheme run-on, transferring to a superfund, buying annuities or distributing some surplus.

VISCOUNT THURSO
LORD PALMER OF CHILDS HILL

Clause 10, page 11, line 23, after “notified” insert “and consulted”

VISCOUNT THURSO
LORD PALMER OF CHILDS HILL

- “(e) requiring that the trustees are satisfied that it is in the interests of the members that the power to pay surplus is exercised in the manner proposed in relation to a payment before it is made.”

Member's explanatory statement

This amendment seeks to retain the requirement in section 37(3)(d) of the Pensions Act 1995 for trustees to be satisfied that it is in the interests of the members that the power to pay surplus is exercised in the manner proposed, which would be repealed by clause 10(3) of this Bill.

VISCOUNT THURSO
LORD PALMER OF CHILDS HILL

Clause 10, page 11, line 24, at end insert –

- “(e) requiring that the trustees have taken full account of the extent to which inflation has eroded the value of members’ pensions (as measured by the method prescribed in the applicable trust scheme) in considering whether to make any payment to the employer.”

Member's explanatory statement

This amendment would require trustees to give full consideration to the impact of inflation on the value of members' pensions before making any payment of surplus to the employer.

LORD DAVIES OF BRIXTON

Clause 10, page 11, line 32, at end insert –

- “(ca) requiring a decision on consent by an employer under paragraph (c) to be regarded as a prescribed decision for the purposes of regulations made under section 259 of the Pensions Act 2004 (consultation by employers: occupational pension schemes);”

Member's explanatory statement

This amendment provides that regulations may be made that would include the decision by an employer whether or not to give its consent to a payment to be treated as a “prescribed decision”

for the purposes of section 259 of the Pensions Act 2004 (consultation by employers: occupational pension schemes).

LORD PALMER OF CHILDS HILL

Clause 10, page 11, line 38, at end insert –

- “(e) about the proportion of any surplus that may be allocated, or the manner in which it may be determined, for the purpose of contributing to the provision of free, impartial pension advice and guidance services for scheme members.”

Member's explanatory statement

BARONESS SHERLOCK

Clause 10, page 12, line 7, after “76” insert “of the Pensions Act 1995”

Member's explanatory statement

This amendment corrects a mistake in a cross-reference to the Pensions Act 1995.

After Clause 10

VISCOUNT THURSO
LORD PALMER OF CHILDS HILL

After Clause 10, insert the following new Clause –

“Report on fiduciary duty and discretionary indexation of pre-1997 benefits

- (2) The report must consider –
 - (a) the impact of current fiduciary obligations on trustees’ ability to award discretionary increases to pre-1997 pension benefits;
 - (b) the potential benefits of permitting such discretionary indexation for affected pensioners;
 - (c) the funding conditions and thresholds under which discretionary indexation could be considered sustainable;
 - (d) the appropriate level of regulatory oversight and guidance required to ensure that discretionary increases are granted in a fair, transparent, and financially responsible manner;

- (4) The Secretary of State must lay a copy of the report before both Houses of Parliament.”

LORD PALMER OF CHILDS HILL

After Clause 10, insert the following new Clause –

 - (d) comparisons with other occupational pension schemes in the banking and public sectors, and
 - (e) the legal, administrative, and financial feasibility of modifying or removing state deduction provisions, including potential mechanisms for redress.
- (4) The Secretary of State must ensure that the person or body appointed to conduct the review –

- (a) is independent of the banks investigated and its associated pension schemes,
 - (b) possesses relevant expertise in pensions law, occupational pension scheme administration, and equality and fairness in retirement income, and

- (7) Regulations under this section are subject to the negative procedure.
- (8) For the purposes of this section –
- “state deduction” means any provision within a defined benefit occupational pension scheme that reduces pension entitlements by reference to the member reaching state pension age or by reference to any state pension entitlement;
 - “defined benefit pension scheme” has the meaning given in section 181 of the Pension Schemes Act 1993.”

Member’s explanatory statement

This new clause would require the Secretary of State to commission an independent review into clawback provisions in occupational defined benefit pension schemes, for example, the Midland Bank staff pension scheme.

Clause 11

BARONESS ALTMANN
